

Consider approval of
locker replacement for Southwest High School Field House.

1. Background:

The Southwest High School Field House varsity locker room needs lockers replaced. The original lockers are not functioning properly and are having maintenance issues.

2. Process:

SWISD staff has reached out to multiple vendors for quotes to replace the lockers at the SWHS Field House varsity locker room. After receiving quotes and verifying scope Grid came out as the best value for the district. The district used the TIPS Cooperative contract to meet the procurement method.

3. Fiscal Impact:

The cost of this project will be funded by district fund balance.

4. Recommendation:

That the Board award a contract to Grid to provide and install new lockers at the varsity locker room of the Southwest High School Field House for a not to exceed amount of \$109,692.75.

5. Required:

Board action.
