**New Business:**

Toolkit/purchase of new tools: Patrick spoke about how a few tools were broken and the park needed new ones. Presented the need for a tool kit that was for sale for \$299.00 that included a

drill, impact, flashlight, circular saw, reciprocating saw, and finishing saw. He also had mentioned that while he was at Home Depot they had a battery operated grinder for \$59.99 that was also a tool needed for around the park. The need for a new weedwacker for \$199.00 was brought to attention as two of the old ones were junk and would leave only one here.

- Motion to approve buying new tools except for grinder by Gerald F.
- Support by Kurt P. Motion carried.

New tractor: Kevin is still getting quotes for a new tractor

Status of current park truck: Needs Oil change, floor is rotted, needs new tires, needs new plugs and wires. - Jesse is looking into getting the floor fixed.

Status of getting new truck: Is unlikely to happen this year due to Sunken Lake house and not having money in the budget to make so many large purchases.

Status of waterfront sites: All graveled and power and water is all set.

Status of old bathhouse: Have no water pressure. Pure Water Well came out and tried to fix it. May need new tanks? Unsure at this time.

Store hours and phone number?: Currently no posted hours however when Patrick is working in park his number is posted so people can call should they want to get in the store. Marissa is in the store for a couple hours when she gets out of work in the evenings, most days.
