

**Mission 13 Student Spaceflight Experiments Program Conference**  
**July 1-2, 2019 | Chantilly, VA**

**Selected Campuses:**

Nimitz MS  
Falcon ECHS  
OCTECHS

**Conference Details:**

- Students will present either individually or as part of a team for oral and/or poster presentations on their microgravity experiment.
- Students will hear presentations from other groups participating in the microgravity experiment design and other researchers, scientists and astronauts.

Other educational activities during the trip include visits to museums and historical points of interest.
