**Re:**

In order to maximize the programs offered at New Tech High at Coppell as well as to bring in additional revenue to CISD to support the programs, a revision to policy FDA(Local) has been written that would permit a student who qualifies for Open Enrollment to enter CISD as a high school student and to attend NTH@C for his/her high school experience.

This Board Policy Update includes the following LOCAL policy changes:

- FDA: Admissions – Interdistrict Transfers (replace policy)

**Recommendation:**

An appropriate motion for board action on Localized Update to FDA(Local) is as follows:

*"I move that the board revise policy FDA(LOCAL) as recommended by TASB Policy Service."*
