Re: Bid Results for Radio Tower Replacement

I would like to discuss the replacement of the Radio Tower for the Transportation Department, which is over 40 years old, at the next Special Meeting on Monday, November 15, 2021. This was originally discussed at the November 8, 2021 Study Session where the proposal to purchase was brought to the Board. The source of funds for this purchase is the General Fund

This project was put out for public bid and we are recommending C3 Communications, Oxford, MI for a total cost of \$59,950.00, which includes the tower and installation.

Please contact me if you have questions.
