Issues Within the High School

Staff:

The bit of a break was very healthy for our staff and many are looking forward to spring break. A survey has gone out to the staff, students, and families to reflect on our school climate. The results will be added to the next report.

Students:

There are many students that are struggling with staying caught up on current assigned work. Our travel schedule for activities has been pretty intense and many need the extra time to maintain eligibility and just keep up in class.
