Re: 2025-26 School Meal Prices

The Eden Prairie Schools Child Nutrition Department provides nutritious and balanced meals, ensuring compliance with rigorous federal nutrition standards to support student health and academic success. The Minnesota Free School Meals for Kids legislation continues in the 2025-26 school year. This legislation, passed into law on March 17, 2023, provides free breakfast and lunch to all students.

There are a few items that will still require payment, such as a la carte items, second meals, adult meals, and milk. Regulatory guidance from the Minnesota Department of Education (MDE) requires annual adjustments in meal pricing. I am recommending we make the minimum required adjustments to our pricing below:

Item	Current Prices	Recommended Prices
Breakfast – 1 <sup>st</sup> Meal (K-12)	Free	Free
Breakfast - 2 <sup>nd</sup> Meal	\$2.30	\$2.40*
Breakfast - Adult	\$2.30	\$2.40*
Lunch – 1 <sup>st</sup> Meal (PreK-12)	Free	Free
Lunch - 2 <sup>nd</sup> Meal (State Requires Price Increase)	\$5.00	\$5.25*
Lunch – Adult (State Requires Price Increase)	\$5.00	\$5.25*
1 <sup>st</sup> Milk – Student bringing a sack lunch to school	Free	Free
Additional Milk (One carton of milk is included in breakfast/lunch meal)	\$0.55	\$0.60

\* MDE releases guidance setting minimum meal prices in the fall of each year.

These adjustments are anticipated to help maintain a financially stable nutrition services program.
