

**Geneva CUSD 304 Curriculum Resource & Textbook Adoption Proposals for 2020 – 2021 School Year**

Department	Course(s)	Text title, Author, and Publisher	Year	Brief Description	Approx. Quantity	Approx. Text Cost	Approx. Total Cost
Social Studies	AP Human Geography	<i>Advanced Placement Human Geography</i> , David Palmer, AMSCO Publishing	2020	With the new AP Human Geography course beginning in the fall, a new text is needed, and this resource is specifically aligned to the AP curriculum and very commonly used nationally. New editions of this title are released frequently, incorporating current events. This title is only available in paperback format to keep the costs down, as most schools tend to replace these every few years.	96	\$20	\$2,120
Social Studies	AP Psychology	<i>Myer's Psychology for the AP Course, 3rd Edition</i> , Worth Publishers	2021	With the new AP Psychology course beginning in the fall, a new text is needed, and this one is specifically aligned to the AP curriculum. This text is college level reading, and is the most common text used nationally within AP Psychology courses. Text is bundled with a student preparation guide for the AP exam. Although the text has a 2021 copyright date, it will be available to ship in June 2020.	96	\$152	15,592
Social Studies	U.S. History, American Studies	<i>United States History and Geography: Modern Times</i> , McGraw Hill Publishing	2018	The current text in this course is 16 years old and does not include any support for the latter portion of the GHS course. This text aligns nicely with the design of the GHS course. Six years of student access to online resources is included.	300	\$137	\$43,103
Science	Earth Science	<i>Earth Science</i> , Tarbuck and Lutgens, Pearson Publishing	2017	The GHS Earth Science curriculum is becoming more inquiry-based, and this text better supports this type of learning. The text is clearly written in age appropriate language that is accessible to freshmen. Six years of access to the online textbook is included.	260	\$99	\$28,350
Math	Geometry, Honors Geometry, Geometry Concepts	<i>CK-12 Open Source Geometry Textbook</i> , CK-12 Online Publishing	2020	This online textbook for geometry provides clear explanations, tutorials, interactive practice problems, and online homework problems. Although this will be the primary resource for all Geometry classes, the current textbook will still be distributed as a secondary resource and to provide additional problem sets.	Unlimited	\$0	\$0
English	English I	<i>Educated</i> by Tara Westover, Random House Publishing	2018	This book will be the first non-fiction work to be incorporated into the English I curriculum. This is a contemporary, high-interest text that also touches on social-emotional needs of students.	96	\$14	\$1,344
English	English IV: Contemporary Novels	<i>When Breath Becomes Air</i> by Paul Kalanithi, Random House Publishing	2016	Most of the novels in this course are from the mid-20th Century. This award-winning, high-interest novel is an example of more contemporary work that will be incorporated into the curriculum.	128	\$11	\$1,408
