

School Board Meeting:

April 10, 2023

Subject:

K-5 Report Card Revisions

Presenter:

**Pam Miller, Director
Teaching and Learning,
K-5 Report Card
Task Force Representatives**

SUGGESTED SCHOOL BOARD ACTION:

Report only. Action will be taken at the April 24 board meeting.

DESCRIPTION:

In recent years there has been interest among elementary teachers to explore a revision to our K-5 report cards to more accurately reflect student learning and communicate more effectively with parents. During the 2022-2023 school year, a K-5 Report Card Task Force was formed and met throughout the year to develop the recommended changes.

K-5 Report Card Task Force Membership

Brad Koltes	HES	Elementary Principal and Facilitator
Kimarie Tacke	DES	Kindergarten
Allison McLain	MES	Grade 1
Alicia Job	TES	Grade 2
Jennie Lindstrom	PES	Grade 3
Heather Schaaf	HES	Grade 4
Kate Volk	NES	Grade 5
Jen Schakenmeyer	TES	Special Education
Hannah Braasch	MES	Music (Specialist Representative)
Jenina Rothstein	T&L	Instructional Support Specialist
Pam Miller	T&L	Director of Teaching & Learning

The K-2 report cards have been slightly revised to better reflect the learning assessed. The Grades 3-5 report cards have been more significantly revised, moving to a standards-based reporting format. Like the K-2 versions, this change more accurately reflects the student learning as measured against the state's academic standards.

Representatives from the K-5 Report Card Task Force will be at the April board workshop to discuss the process used to develop the recommendations brought forward. Once board approved, the revised report cards will be implemented in the 2023-2024 school year.
