NSBA Celebrates 80 Years!

The National School Boards Association (NSBA) Annual Conference & Exposition is the one national event that brings together education leaders to learn about best governance practices, gain insight into child development, and learn about new programs and technology that can help enrich student learning. NSBA's annual conference is one of the few—if not the only—places where school board members from around the country can receive the training necessary to address the instructional needs of students and to improve the efficiency of district operations.

Don't miss this opportunity to exchange best practices, reconnect with colleagues, and celebrate the impact NSBA continues to make on public education. Join more than 7,000 education leaders and advocates in Chicago for a memorable NSBA 2020 at the McCormick Place West Building.
