7 **Property Damage**

8

9 The District will maintain a comprehensive insurance program which will provide adequate
10 coverage, as determined by the Board, in the event of loss or damage to school buildings and/or
11 equipment, including motor vehicles. The comprehensive insurance program will maximize the
12 District’s protection and coverage while minimizing costs for insurance. This program may
13 include alternatives for sharing the risk between the District and an insurance carrier and through
14 self-insurance plans.

15

16 **Privately Owned Property**

17

18 The District will not assume responsibility for maintenance, repair, or replacement of any
19 privately-owned property brought to a school or to a District function, unless the use or presence
20 of such property has been specifically requested in writing by the administration.
