

Nonprescription Medication **/**

The district recognizes that administering of nonprescription medication to students and/or self-medication may be necessary when the failure to take such medication during school hours, would prevent the student from attending school. Consequently, students may be permitted to take nonprescription medication at school.

The district reserves the right to reject a request to administer or allow self-administration of a nonprescription medication when such medication is not necessary for the student to remain in school.

A request to the district to allow a student to self-medicate with a nonprescription medication shall include written permission and instruction from a parent or guardian, and shall include an assurance from the parent or guardian that the student has received appropriate instruction for its use.

A request to the district to administer a nonprescription medication shall include written permission and instruction from a parent or guardian.

The district shall designate staff authorized to administer medication to students. Training shall be provided as required by law.

This policy and administrative regulation shall not prohibit, in any way, the administration of recognized first aid to students by district employees in accordance with established state law, Board policy and procedures.

The superintendent shall develop administrative regulations as needed to meet the requirements of law, Oregon Administrative Rules and for the implementation of this policy.

~~Administering Noninjectable Medicines to Students~~ **Nonprescription Medication** **/**

The district recognizes that administering of **nonprescription** medication to students and/or self-medication may be necessary when the failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if medication was not made available during school hours, **would prevent the student from attending school.** Consequently, students may be permitted to take ~~noninjectable prescription or~~ nonprescription medication at school, ~~on a temporary or regular basis.~~

The district reserves the right to reject a request to administer [or allow self administration of] a nonprescription medication when such medication is not necessary for the student to remain in school.

~~When directed by a physician or other licensed health care professional, students grades K-12 will be allowed to self administer medication. A medical protocol regarding each student who self administers medication will be developed, signed by a physician or other licensed health care professional [and parent] and kept on file. Permission for self administered medication may be revoked at any time if the student violates policy or medical protocol.~~

~~All requests for the district to administer medication to a student shall be made by the parent in writing. Requests shall include the written instructions of the physician for the administration of a prescription medication to a student or the written instructions of the parent for the administration of a nonprescription medication to a student. A prescription label will be deemed sufficient to meet the requirements for written physician instructions.~~

[A request to the district to allow a student to self medicate with a nonprescription medication shall include written permission and instruction from a parent or guardian, and shall include an assurance from the parent or guardian that the student has received appropriate instruction for its use.]

A request to the district to administer a nonprescription medication shall include written permission and instruction from a parent or guardian.

The district shall designate staff authorized to administer medication to students. Training shall be provided as required by law.

~~The district reserves the right to reject a request to administer prescription or nonprescription medication when such medication is not necessary for the student to remain in school.~~

This policy and administrative regulation shall not prohibit, in any way, the administration of recognized first aid to students by district employees in accordance with established state law, Board policy and procedures.

The superintendent shall develop administrative regulations as needed to meet the requirements of law, Oregon Administrative Rules and for the implementation of this policy. ~~Regulations will include provisions for student self medication.~~

Administering Noninjectable Medicines to Students**

The district recognizes that administering of medication to students and self-medication may be necessary when the failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if medication was not made available during school hours. Consequently, students may be permitted to take noninjectable prescription or nonprescription medication at school, on a temporary or regular basis.

When directed by a physician or other licensed health care professional, students grades K-12 will be allowed to self administer medication. A medical protocol regarding each student who self administers medication will be developed, signed by a physician or other licensed health care professional and parent and kept on file. Permission for self administered medication may be revoked at any time if the student violates policy or medical protocol.

All requests for the district to administer medication to a student shall be made by the parent in writing. Requests shall include the written instructions of the physician for the administration of a prescription medication to a student or the written instructions of the parent for the administration of a nonprescription medication to a student. A prescription label will be deemed sufficient to meet the requirements for written physician instructions.

The district shall designate school staff authorized to administer medication to students. Training shall be provided as required by law.

The district reserves the right to reject a request to administer prescription or nonprescription medication when such medication is not necessary for the student to remain in school.

This policy and administrative regulation shall not prohibit, in any way, the administration of recognized first aid to students by district employees in accordance with established state law, Board policy and procedures.

The superintendent shall develop administrative regulations as needed to meet the requirements of law, Oregon Administrative Rules and for the implementation of this policy. Regulations will include provisions for student self-medication.
