Truth in Taxation Law

Minnesota's Truth in Taxation Law requires that cities, counties and school districts follow certain steps before adopting a tax levy for the following year.

- The law requires a mailed notice to each property owner in the county, which describes the tax levies proposed by the city, county and school district and what percent increase (decrease) such a levy would mean in dollars.
- School districts are required to hold a single meeting in which the public is allowed to speak and the budget and levy is discussed. This meeting may be part of a regularly scheduled meeting but must occur after 6:00 P.M.
- > The meeting date and location must be provided at the same time or prior to certifying the proposed property tax levy. The meeting date must be between November 25 and December 28.
- You are here tonight as part of the school district's public meeting process.

Requirements of the Truth in Taxation Public Meeting

- 1. Discuss proposed property tax levy for taxes payable 2023
- 2. Provide and discuss information on the current budget (2022-2023).
- 3. Public must be given a reasonable amount of time to comment on the proposed property tax levy and budget and to ask questions.

- Minnesota Statute 275.065

Points to Remember

- 1. Revenue formulas are set by the State Legislature except for voter approved referendums.
- 2. Local Levy and State Aid mix are set by the State Legislature.
- 3. An increase in local taxes does not necessarily mean an increase in revenues for the school district.

- Minnesota Statute 275.065
