

## Browning BackPack Program

### 2024-25 School Year Impact Report

Montana Food Bank Network is grateful for our ongoing partnership. We have partners in 56 cities across Montana, supporting a total of 167 BackPack sites. Together, we distributed over 120,000 BackPack bags this school year, which is equivalent to 480,000 meals. We appreciate all the work that goes into making this program flourish. Thank you, BackPack Coordinators!

All the data in this report is from August 1<sup>st</sup> 2024 – May 31<sup>st</sup> 2025 and is self-reported through Monthly Activity Reports.

Total Sites	5	Total Students Served	570	Total Hours Volunteered	79
-------------	---	-----------------------	-----	-------------------------	----

#### Bags Distributed (Aug 2024-May 2025)

Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	TOTAL
564	564	335	386	500	456	328	250	635	252	4,270

#### MFBN Stats

----------------	------	-----------------	-----	--------------------	----------

#### COMMENTS

Irene Augare runs an efficient and successful program. Irene went above and beyond to fill transportation gaps this school year. She drove boxes to schools weekly in order for the BackPack program to continue without a pause. During MFBN's visit, Irene and MFBN set goals to increase program sustainability: increase teacher training, continue to seek transportation support, and train another staff on BackPack program coordination. The Browning BackPack Program is an integral part of the school's safety net, and we look forward to our continued partnership. Thank you for all you do!
