Re: Meal Price Increases
Date: July 14, 2025

To comply with the School Lunch Equity Act, which is in accordance with the Healthy, Hunger-Free Act of 2010, meal prices will need to be increased. Adult meal lunch prices should be \$5.50. This increase is to ensure that revenues for the sales of non-program foods generate at least the same proportion of SFA (School Food Authority) revenues as they contribute to SFA food costs. These prices are in accordance with the 2025-2026 Price Adjustment Calculator.

We request a “CHARGE POLICY of \$10.00”. Students must have money in their account, or money in hand to purchase A La Carte items.

This will set the meal prices for 2025-2026 as follows:

High School/Middle School

Breakfast-\$3.00 paid
- \$0.00 reduced
- \$3.75 Adult

Elementary School
