What are the Division 22 Standards Assurances?

Combined Accountability Model

Districts report annually on compliance with each of the standards and include an explanation and corrective action plan for any rule with which the district is out of compliance.

Local Accountability

Districts must:

- report to their local school board by Nov 1
- make a report available on the district website by Nov 1

State Accountability

- Districts must submit assurances to ODE by Nov 15
- ODE reviews all submissions and follows up with districts that have self-reported as being out of compliance

Division 22 Standards & Assurances of Compliance

“Our Why”

- Signals our commitment to providing a high-quality educational experience and equitable opportunities for all students.
- Division 22 standards articulate the floor of the education to be provided to students, not the ceiling.
- Assurances process offers an opportunity for districts not in compliance to reflect on areas in need of attention and receive technical assistance.

What happens if the district is out of compliance?

- ODE reviews the district's proposed corrective action plan and either approves or rejects it.
- If the plan is not approved as submitted, ODE contacts the district and provides technical assistance and support.
- Once the district has an approved plan in place, ODE specialists may continue to provide support, as needed.
- The corrective action must be complete by the beginning of the next school year.
- If a district fails to come back into compliance after an opportunity for corrective action, ODE may withhold a portion of the district's State School Fund monies.
