## Principal's General Narrative:

We are off to a wonderful start for the 2012-2013 school year. Varsity and JV Volleyball and Football have begun their seasons on the winning record. Our Band was awesome at the first football game, enough that the opposing band director commented on their improvement. Teacher in-service week was beneficial to our staff and our students are adapting to any new changes in the handbook or parking for the new school year. The High School attendance clerk, principal, and staff are monitoring attendance daily in order to keep a tight handle on past issues. Teachers are using the eduphoria system to integrate lesson plans for easy access by administrators. Numbers and participation are up in our extra-curricular activities and the community is even noticing the students enthusiasm according to the good comments expressed around town. Teacher evaluations begin this week and there is an air of nothing less than excellence accepted at Brackett ISD, as school kicks off this year from our great staff and students. The Learning Center Lab at High School is proving to be an optional tool for students and staff on needed guidance. This administrator expects nothing less than Brackett ISD to be known as the leading educational institution in this entire area. GO TIGERS

Mr. Newsom
