Bridges Packages

Each K–5 classroom package is designed to support 30 students. Bridges Pre-K is designed for 20 students. Total cost per classroom will depend on decisions related to consumable student books and items that are required but not included.

Note: Materials to build student number racks are included in Bridges K–2 classroom kits. While these materials may be reused, they are considered consumable. The replacement cost is \$10 for 10 students.

Student Books

Student books are a critical and required curriculum component. Student books may be purchased as consumable books, or individual pages may be downloaded via the PDF files on the Bridges Educator Site at no cost. Districts in the first year of adoption who choose to purchase pre-printed student books may be eligible for a 50% discount, up to 30 books per classroom. Student books purchased in subsequent years will be available at full price. Student books are sold in packages of five copies.
