

AGENDA ITEM

Subject: Review/Approve HISD Strategic Change Goals

Rationale: Last July, HISD administrators and teacher leaders took stock of where we have come from and discussed the state of the district with the Schlechty Center facilitating the process. After this needs assessment, three goals were developed. Then the District Design Team met in October to discuss what ‘Pictures of Success’ would look like and where to focus efforts. Mrs. Bowman will present the three goals and what success will look like as well as key questions that will be utilized to focus our work in accomplishing these goals.

Recommendation: Approve HISD Strategic Change Goals
