

Levelland ISD has...

1. Academic programs that show measured growth of each student along with desired and attainable levels of improvement as set by the district.
2. A comprehensive communication program where current, relevant and accurate information is shared throughout the district and community.
3. Facilities that foster a safe and secure environment, are properly and rigorously maintained and issues are addressed in a timely manner.
4. A wide array of well promoted and participated extra-curricular opportunities that accommodate various interests, complement post-graduation aspirations and community values.
5. Strategies that are aimed at the retention and recruitment of highly qualified teachers, opportunities for growth and training are easily accessible and utilized and salaries and benefits are competitive.
6. Financial policies that are secure, proactive, transparent and designed to protect the local district and position it to be prepared for financial uncertainties.
