

## **Athletic Admin Report**

**We started the year strong and finished the year strong growing every step of the way. Baseball won the first play-off game of the year. Though we all wanted to go farther, the kids fought 'till the end. We are already ramping up for next year with our strength and conditioning team summer workouts beginning at 8 am. Our Volleyball, basketball, and 7 on 7 leagues have plans for keeping our athletes busy this summer. I look forward to what these things will bring us in the coming school year.**
