Culture Matters (Mrs. Shooter: Immersion Leader)

The Sinnopa Pokaks have been working on ASLA focus wall, and have been working hard on learning ALL their Christmas songs. Each month the Stumatsikitsikin Elementary, has a focused BNAS focus wall. Each teacher in our school goes over this routine with their students every day. Below you will see the variety of BNAS focus walls/boards on our campus in both Bergan and Chattin wings.

BNAS Specialist: Jocelyn Big Throat-BNAS Stumatsikitsikin Elementary

This month we focused on learning our Christmas song in Blackfeet. The song we sang for the Christmas concert this year was jingle bells on Blackfeet. We also learned the season, a new animal, weather, shape, some new vocabulary, and focused on our numbers, colors, and learning more animals. I have started my assessments and will do another assessment at the end of the year to measure our growth for BNAS.

The Stumatsikitsikin Elementary students all worked very hard on learning how to sing jingle bells in Blackfeet.

Graduation Matters (Marci Burd: First Grade Leader)

This month was crazy and busy.

We started out with our Make it take it after school event. This was a great turn out. We are happy with this turn out because we have been working on bringing up our family engagement.

We also had a busy month practicing our Christmas music songs for our program. We all sang a song in Blackfeet which everyone was proud of. It was a great turn out and our TA's did an amazing job decorating. We had lots of complements.

We finished off this month with Christmas parties and a 1st grade Christmas olympics in the gym as a grade level which was fun.

The students also enjoyed a movie on the projector.

We are looking forward to a new year and finishing out the new year with our kiddos.

(Angie Pepion: Kindergarten Leader)

The month of December our students practiced hard on the Christmas songs to be sung for the Christmas program not only in their homerooms but also the specialist helped out and practiced with them as well. Some of the classes took their students to the Reindeer Express as a walking field trip and the students got a bag, t-shirt and water bottle. The weather was good to us that day. Students got to see real life reindeer and got to see Santa. De La Salle school students volunteered to help chaperone some of the kindergarten students as they walked to Elouise Cobell Park.

We continue to build as a team for our students.

(Susie Small/Cherie Show: Early-K Leader)

For the month of December the Early K classrooms have been extremely busy preparing for the holidays. We practiced our Christmas songs, and were well prepared for our Christmas programs. All 3 classrooms made a variety of Christmas crafts, and gifts for students' families. We also participated in cookie baking and decorating. Each student was able to bring 4 cookies that they had

decorated home to their families. We also walked to see the reindeer and santa. All enjoyed partaking in Christmas party fun. All in all it was a very fun filled month in Early K.

(Juliana Salois: SEL Leader)

Social Emotional Learning (SEL) Report

December Updates:

During the month of December we focused on helping the students cope with the feelings of Grief and loss during the upcoming holiday. We used simple Holiday Grief activities to help our students express their feelings using creative arts allowing the students to create ornaments and cards for their loved ones. These simple holiday grief activities serve to both encourage children to

talk about and express their pain as well as to honor their lost loved one this holiday season.

The SLT also coordinated with the music teacher Ms. Hoyt on preparing the students for their Christmas Program and helped with the family engagement activity MAKE IT/TAKE IT. We are all excited to see our students back after our Christmas break!
