

Browning Middle/High School /WBH GEAR UP February 2024 Board Report

BHS/WBH GEAR UP

***Senior Advising**

We continue our work in helping seniors with college, FAFSA and scholarship applications. We have a time scheduled to go to William Buffalo Hide at the end of the month to help their seniors as well.

***Dual Enrollment**

We have had an awesome turnout for dual enrollment. Haven't had time to look at numbers but will share in the next board report.

BMS GEAR UP

***Career/College Prep Lessons in 7th and 8th Grade Social Studies**

We have been providing mini lessons in these classes, once per week. Due to being a staff of 1, we haven't been in the classroom much this month as the priority has been data reporting.

***STEM events**

These are back in our budget. We were approved for 2 different events - 1 per semester. Due to being short staffed we are planning our first event for sometime in March.

***College Visits**

We plan to take all eligible 7th and 8th graders on campus visits this year. The goal for 7th is to visit Flathead Valley Community College - with 4 separate trips to keep our numbers manageable.

For 8th grade, we completed our 8th Grade boys SKC trip on Wednesday, February 7th. We took 33 boys on this trip. It was an awesome visit. Students toured part of the campus and got to do a couple of hands-on activities. Their favorite activity was "driving" on the truck simulators. See photos below.
