**FIELD TRIPS:** Woodland's fourth graders went to Ft. Richardson State Park in Jacksboro. The students learned about historical times and traditions of living during colonial times.

**PROFESSIONAL DEVELOPMENT:** STAAR training for all teachers.

**TEACHER/STAFF SPOTLIGHT:**

This month I would like to spotlight Stacy Nantz! She is Woodland's GT teacher. She co-teaches with a 4th and 5th grade teacher, teaches enrichment classes and GT classes. In addition to her teaching abilities she helps out with our Talent Show, spelling bee, leadership team, after-school clubs and just about any other activity where she is able to contribute. She has a quick mind, every person on campus seeks her input on major decisions, she can quickly make suggestions to improve any activity. She has an excellent rapport with our students, they love going to her class. In fact, a student can earn a coupon to visit her class in addition to their regular rotations. If there is any need that arises she volunteers. She is happy all the time and lifts up all of those who are surrounded by her. She is able to handle any responsibility; we rely on her in the best of times and the worst of times. She is a pleasure to work with every day.

**UPCOMING EVENTS:**

- April 15th robotics academy
- May 13th field day
- May 16th awards ceremony
