

BUILDINGS/GROUNDS & TRANSPORTATION REPORT

Date: March 18, 2019
To: Board of Education
From: Jeff Stauder

BUILDINGS/GROUNDS

Facilities Committee

The Facilities Committee did not meet in March. The next meeting is scheduled for Wednesday, April 10, 2019 at 5:30 p.m. in the High School.

Lincoln School Bathroom

There are numerous asbestos tile in the girls restroom that are loose and popping up. Lee Austif was notified and he came to look at them. He has removed the loose tile and is planning to remove the remaining asbestos over Easter break on April 18. After this restroom is done, all of them at Lincoln School will free of asbestos tile.

Life Safety Reports

Attached to this month's report are the Life Safety Inspection Reports for all schools. If there are any questions, I would be happy to discuss them.

Football Field Sound System

Coach Higgins is looking in to a new sound system for the Football Field. As plans progress and funding options become available, I will bring that information to the Board.

GRP Update

Colors for the walls, restrooms and flooring are very close to being decided on and I think they will look great. GRP was here this month and we talked about timing of work and when we could expect to be back in the building to begin setting up for the next school year. We are hopeful that if all goes well we will be able to start setting class rooms back around the 1st week of August.

Transportation

Nothing to report this month
