Our main discipline issue continues to be attendance and tardies. Parent phone calls have been made. Letters have been sent. Meetings with students and parents have been conducted. We have filed truancy on several students.

We had too many failures at the 3 week mark but most students have recovered; however, as we raise expectations at OHS, most students are rising to the high expectations. Report Cards will be sent out 11/16/11.

Teachers are working well on CIA notebooks. All staff members are working well toward our high expectations. We must raise the expectations of our staff and students in order to bring our school to where it needs to be.

We have several teachers that go well beyond the school day to tutor our kids. Additionally, we have several students acting as peer tutors during our power hour as well as in the evenings at their homes.

Exit Level TAKS Retest results from October administration have been received with very good results. We are down to a handful of tests!
