Background Information:

iNEMSOFT SEQUENCE™ software seamlessly automates responses to public threats, campus incidents, and school emergencies. The platform enables instant and dynamic collaboration among campus personnel, safety committees, and first responders. SEQUENCE™ serves as a vital platform for safety teams, facilitating efficient communication and the sharing of incident details for resolution.

Key Features:

Automated Response: SEQUENCE™ automates responses to various incidents, ensuring timely actions.

Collaboration: The software enables seamless collaboration among safety team members.

Clear Communication Pathways: Pre-identified call flows and target groups ensure effective communication, regardless of the incident's nature.

Quote # SEQ-01162024-MANORISD is for the overall costs associated with the implementation of the iNEMSOFT Solution for the district over a 5 year contractual period.

Fiscal Implications:

Funding of \$322,510.83 will come from the **SAFE Grant Cycle I**

Administrative Recommendation:

The administration recommends the Board approve the purchase as presented to further ensure during critical and non-critical incident communication through various platforms are available throughout the district.
