

TRANSPORTATION BOARD REPORT FOR

APRIL 2025

SUBMITTED BY: WAYNE BULL Calf

Hi all this is my April report as for the shop. They had about 32 work orders completed, 2 propane bus fuel pumps changed, 20 bus tires, and 3 sets of district vehicle tires. It's that time of the year, when tires wear out other than that, they are getting all the last-minute ordering before we get cut off of spending so we are able to function until July. So were asking all departments that have district vehicles checked out to their department to keep an eye on the mileage for service due or anything that might be wrong. So, it doesn't cost a lot more than usual. All parts have gone up about 40% from last year.

As for the office they been doing a lot of last-minute bills, because of the cutoff date which is April 16th and getting all books completed for the upcoming board meeting were hosting this month.

So as for the trip personal, they had 53 trips total. This is all sports trips, field trips, college visits, and 2 boarding dorm trips.

So as for the disciplinary department, we had 28 rite ups but no removals, the bus incentives seem to improve with bus behavior, next school year I'm hoping we get more bus monitors.

Thanks for reading my report God bless you.
