Total				\$27,500.00

Service Terms and Conditions

1. Reliance Refrigeration & Restaurant Supply, hereafter referred to as DEALER, has offered a fixed contract price for equipment and/or services, referred to as GOODS, which is contingent upon the scope quoted being accepted and commenced within 30 days from proposal date. Proposals are to be interpreted exactly as specified; proposals not specifying installation, delivery, freight, tax, labor, or any materials/accessories should not assume those items in total. Labor and material breakdowns will not be provided.
2. Payments are due by the date specified on the invoice. Any payment not received by 5:00 PM on the due date will incur a 1% late fee. For payments made by mailed check, the check must be postmarked on or before the due date to avoid late fees. To ensure timely payments, please schedule your project milestones to align with your internal business payment meetings. Debit or credit card transactions exceeding \$500 will incur a 3.5% processing fee. To avoid this fee, consider paying by check or cash, or contact your representative to discuss alternative payment options. Failure to adhere to these payment terms may result in project delays and/or legal action.
3. Proposals EXCLUDE, unless otherwise stated in writing, electrical, structural, painting, abatement, cutting holes in roofing/decking systems for mechanical penetrations, conduit, roofer or roof work of any kind (other than spotting holes), sheet-rock work of any kind, structural supports or framing, landscaping, irrigation repairs, concrete work of any kind, utility upgrade, utility final connection, and start up of equipment. Payment for the work described herein shall be immediately due

upon completion of the work, unless an account is established with agreed terms. If suggested options are not chosen by the person/agent receiving services, hereafter referred to as CUSTOMER, and a failure is experienced, the DEALER is held harmless.

4. Lead times from manufacturers are estimates only. DEALER is not responsible for manufacturer lead times. DEALER works with each vendor to supply CUSTOMER with GOODS as quickly as able. Deadlines should be communicated in writing between DEALER and CUSTOMER.
5. The scope of work for GOODS is related to that described above. Any deviation from said scope of work or unforeseen problems delaying the timely completion of the job may incur an additional charge. All work will be done in accordance with state and local codes.
6. DEALER reserves the right to refuse or stop the work at any time due to unsafe or unforeseen conditions that may change the scope of work. DEALER will evaluate the conditions and submit a proposal to solve and remedy the problem. Work will continue after the CUSTOMER and DEALER have come to a signed agreement. If no agreement can be reached, DEALER will collect payment for the portions of the work completed up to the time the job ceased at the regular rates of the DEALER and the customer agrees to hold harmless from all actions, claims, demands and/or penalties.
7. If conditions and/or circumstances are encountered at the job site which are concealed physical conditions, or unknown physical conditions of an unexpected or unusual nature, which differ materially from that which is visually ascertained, CUSTOMER agrees to accept responsibility for such conditions and those circumstances outside the control of DEALER and further agrees to pay for any labor or materials, including repair to damaged equipment of DEALER caused by such conditions and/or circumstances.
8. It is the intent of this provision to make CUSTOMER responsible for all unforeseen and concealed conditions, and for that which DEALER cannot control. Accordingly, CUSTOMER further agrees to hold DEALER harmless and shall indemnify and defend DEALER and all its agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorney fees, consequential damages, arising from or as a result of the performance of DEALER'S work involving, affecting, or relating to such unforeseen or concealed conditions regardless of whether such damages are caused in part by DEALER.
9. DEALER will always try to minimize the damage to the work area, but shall not be responsible for any concrete, asphalt, walls/drywall, cabinets, sod, landscaping, sprinklers, water lines, gas lines, cable TV lines, pool re-circulation lines, pool filtration lines, or any other utility lines, walkways, driveways, flooring, and/or any other structural damage to the property. Backfill for projects that require excavation will be completed to the best of the DEALERS ability. However,

weather conditions and soil type greatly affect the appearance of finished backfill.

10. Asbestos or other Hazardous Materials Remediation Work - DEALER has no information whatsoever with respect to asbestos or other hazardous materials or substances in any portion of the CUSTOMER'S property and has not conducted any investigation in connection herewith. DEALER does not perform asbestos or other hazardous materials or substance removal and DEALER shall have no responsibility whatsoever and CUSTOMER expressly releases DEALER from any liability whatsoever and for any claims arising out of its presence, release, remediation or removal and for any costs, losses or damages CUSTOMER may suffer or sustain if it is found to exist on the CUSTOMER'S property. In the event asbestos or other hazardous materials or substances are found to exist on the CUSTOMER'S property or if, in order to obtain a building permit for the work to be performed by DEALER as set forth herein, any remediation action or work, including investigation is required to be performed on the CUSTOMER'S property concerning asbestos or other hazardous materials or substances, all work by DEALER will cease until such time as CUSTOMER has, at CUSTOMER'S sole expense, caused said asbestos or other hazardous materials or substances to be removed in compliance with all applicable laws relating thereto.
11. DEALER warrants its workmanship to be free from defects unless otherwise specified in writing. This warranty becomes effective upon completion of work but does not cover faults caused by misuse, negligence, or damage caused by acts of God. Upon completion of the work, CUSTOMER agrees to exercise due diligence in inspecting the work for defective workmanship and materials. CUSTOMER agrees to notify DEALER immediately upon discovery of any alleged defective work and allow DEALER first opportunity to make repairs. The failure to allow DEALER the first opportunity to repair the allegedly defective work shall void all warranties, express and implied here-under. DEALER is not responsible for reimbursement for work performed by any other company or individual. Any workmanship warranty becomes void if payment is not received by due date. Warranties are extended only to the CUSTOMER and are non-transferrable. This warranty DOES NOT cover labor charges for the correction, replacement, or repair due to manufacturer defects. Labor charges are the responsibility of the CUSTOMER and due at the time of service.
12. RETURN POLICY: Return of GOODS must follow manufacturer guidelines. GOODS that are requested to be returned must be returned in the original packaging. GOODS that were installed and/or used are not eligible for return. GOODS that were connected to utilities are not eligible for return. CUSTOMER is responsible for any restocking fees for DEALER to receive GOODS. Some equipment is made custom for CUSTOMER and is not eligible for return. Custom-made items are not identified in any particular manner; CUSTOMER is responsible for knowledge of custom-made equipment. CUSTOMER agrees to be responsible for payment of GOODS in full, following agreed upon terms, for any situation not eligible for return.
