Re: Food Service Equipment Bid

On August 10, 2011 a bid for food service equipment was sent to vendors. We received four responses and they are listed on the attached bid tabulation.

Kristen Hennessey, Food Service Supervisor has reviewed the bids and has recommended that we accept the lowest bid of \$57,887 from Bell/Sons; a Wayne County vendor.

This equipment will be used in the district for the three high schools for the new food service program.
