Re: Tech Plan Purchase

Please submit this purchase information to the BOE for the March 9<sup>th</sup>, 2015 meeting.

The Technology Staff are continuing to implement the components of Technology Capital Outlay Plan previously approved by the Board of Education. One component is to replace the more than four year old portable computers used by our teachers. These older district computers are no longer under warranty and cannot support the applications that teachers need to use on a regular basis. These older devices will be reallocated to less intensive areas for continued use, maintained to be used as spares or for substitute teachers, or broken down to be used for replacement parts.

In order to provide our teachers functioning portable computer equipment the following HP tablets will be purchased using the IL State Contract pricing. This purchase will be made through our HP partner, Heartland Business Systems.

QTY	Model	Cost
28	HP 810 Convertible Tablet w/ accessories and warranty	\$35,852
20	HP 840 Laptop w/accessories and warranty	\$25,180
		\$61,032
