

**Curriculum Director Report  
January 22, 2024**

**Math Curriculum**

The teachers in a close vote chose Into Math as our textbook series. We were able to get all the materials in so the teachers can begin preparation for next year on our Wednesday Schedule. The teachers will get some training on the New Math Series on February 14th.

**State Testing**

Preparations are underway for Spring State Testing. We will be doing testing in April at Lincoln, Pana Jr. High, and Pana High School.

**MAP Testing**

All the schools besides the High School have finished MAP testing. Overall the results were positive. Teachers are using this to help plan lessons, and prepare for State Testing.
