

## ***Teaching, Learning & Relevance***

### **Current Work**

- Our last round of district assessments (iReady) finished in May for both Math and ELA. We are currently working on using this data for scheduling for next school year.
- Math and ELA staff met to look at both iReady and Forward data to close out our 2024-25 scorecard. There was also discussion about setting goals for the 2025-26 school year.

## ***Whole Student***

### **Current Work**

- WEB
  - May Development day was a great success and a perfect way to set the stage for next year
- 8th Grade awards ceremony
  - We are trying to start a new tradition this year by recognizing our 8th grade students for various awards and achievements at a special evening ceremony
- 8th Grade Washington DC Trip
  - The trip departs on Sunday, June 6 and returns on Sunday June 15.
  - We have 2 staff, one parent, and 22 students attending.
  - Need to decide if we want to partner again with Horace Mann MS next year, try on our own, or not do the trip.
    - The benefit of partnering with Horace Mann MS was to lock in a lower price. They also had more adults present so they are helping with supervision of our students.
    - We will be debriefing after the trip to plan and make adjustments for the potential to do this trip again next school year.
- Raise Your Voice
  - The [Raise Your Voice 5K Color Run/Walk](#) was held on May 31st
  - Around 50 people participated this year
