

**School Board Meeting/Workshop:**

**September 24, 2012**

**Subject:**

1<sup>st</sup> Day Enrollment

**Presenter:**

**Anita Underberg**

---

**SUGGESTED SCHOOL BOARD ACTION:**

None

**DESCRIPTION:**

The first day enrollment numbers have been reported and compared to the enrollment projections made last fall. The numbers are very close at the elementary and middle school levels. The reported high school numbers currently include PSEO and shared-time students such as home-schooled, etc. On average, we see a decrease of approximately 60 FTE students from the first day to October 1<sup>st</sup> at the high school. We ended last year with 5,652 students (including shared-time students).
