Re: Transfer of Funds

The FAA has required that overfill protection equipment be installed on fuel farms and tanker trucks. A quote has been received from Northern Pump in the amount of \$14,437.00 to order and install this equipment on the County owned fuel farm.

A request is made to transfer this amount from the Airport Fund Balance and transfer it to 295-595-977.001 FF Overfill Equipment.

The funds will be recovered through CARES Act Reimbursement.

Respectfully

Steven Smigelski
Airport Manager
Alpena County Regional Airport
