

School Board Meeting:

September 22, 2008

Subject:

2009 Tax Levy

Presenter:

Chuck Klaassen

SUGGESTED SCHOOL BOARD ACTION:

Recommend board approval

DESCRIPTION:

By September 30th of each year the Board of Education must pass its preliminary certified tax levy for 2009. This data is received from the State of Minnesota. Final adoption of the tax levy will take place in December. In the past the District has passed a resolution similar to the one below. Because we will not be having a board meeting until after the data is received from the state, I am asking for the Board to pass the maximum amount. This can be revised down anytime. There will also be a half a dozen or more changes made by the Department of Education in between. That is why we have passed the blanket resolution in the past. Data will be shared as it is received from the State. The following resolution therefore should be approved.

_____moved

_____seconded

to certify the maximum levy for pay 2009 as provided by the Department of Education.
