I am e-mailing you to let you know that Meg Kilmer was selected to receive a 2011 CIS Board award. The Les Adkins Award for Career Guidance Excellence recognizes outstanding achievement and successful career guidance practices and gives credit to individuals who use the Career Information System effectively in Oregon. The award is based upon service excellence, innovation, and leadership. Having worked with Meg for a very long time, I am excited that she is being recognized for her dedication with this prestigious award.

If at all possible, we try to surprise our award recipients. Sometimes we present the award at a conference. I know Meg often attends the Oregon Association of Career and Technical Educators (OACTE) conference in April, and we have frequently presented our awards at this venue. I also am happy to attend a school district board meeting to make a brief presentation. This can be done in addition to a presentation at OACTE - and which ever is first will be the surprise presentation.

I would like to work with you to determine when best to present the award and give recognition to Meg, the career center program, and your school. Please let me know how you would like me to proceed. You can call or e-mail me at your convenience.

Thank you so much for your assistance.
