

Inclusion Alliance Report for October Board Meeting
From September 13th meeting
Submitted by: Michele Aeder

We discussed adding a budget committee member to our committee as required by the new addition to Senate Bill 732. We also talked about the format for the two meetings a year that are required that will not have the superintendent or any board members present. It was suggested we come up with a question to ask attendees. We talked about these two meetings being hybrid (both in-person and on zoom). NWRESD has a program called "Thought Exchange" which can be helpful in crafting an question that will not include implicit bias and collaborating the results of the answers. Our next meeting is October 11, 2013.
