WKCE-Sci and Soc	4	Y		Y		Y			The Wisconsin Knowledge and Concept Examination (WKCE) is a customized instrument designed for use in public schools to measure student performance, based on WI model Academic Standards and to comply with federal ESEA assessment requirements. ^
PALS-Reading Fall	K-4	Y		Y			Y		The Phonological Awareness Literacy Screening (PALS) is a research based screening, diagnostic, and progress monitoring tool for students in grades 4K through 1st grade (expanding to also include 2nd grade in the 2014-15 school year). Wisconsin teachers use PALS to identify students at risk of developing reading difficulties, diagnose students' knowledge of literacy fundamentals, monitor progress, and plan instruction that targets students' needs. In addition to these uses, PALS data may play other roles in the education of students. ^

WAA-Sci and Soc	4								The Wisconsin Alternate Assessment for Students with Disabilities (WAA-SwD) is administered to a student with significant cognitive disabilities when the Individualized Education Program (IEP) team determines that the student is unable to participate in the Wisconsin Knowledge and Concepts Examination (WKCE), even with accommodations.^
		Y		Y		Y			
DLM-Reading/ LA/Math	3		Y	Y		Y			The Dynamic Learning Map (DLM™) Alternate Assessment System will let students with significant cognitive disabilities show what they know in ways that traditional multiple-choice tests cannot. The DLM system is designed to map a student's learning throughout the year. The system will use items and tasks that are embedded in day-to-day instruction. This gives teachers the opportunity to see what students know during the year when teachers still have time to change instruction to better support student learning. An end of the year assessment will be administered and used for accountability.^
