**RE:** Board Agenda Item

I am submitting this agenda item for your consideration and approval. With your support I would like to make a brief presentation to our school board during the upcoming school board meeting. The short presentation will be on the upcoming total solar eclipse that will take place April 8th, 2024. This is a historic cosmic event occurring once every 400 years or so. I believe we should all have some background knowledge on how important this event will be for all of our community.

Your consideration is greatly appreciated. Should you have any questions, please do not hesitate to contact our office.
