

Good evening, members of the board and community. Tonight, we have the distinct privilege of honoring our incredible student-athletes and activity participants from this past fall and winter seasons.

To pull off what these students accomplished takes an immense amount of dedication, late-night practices, and resilience.

Every student we are recognizing tonight qualified for a Minnesota State High School League state tournament or meet. Whether they competed individually or pushed through as an entire team they represented our district with pride.

While our spring athletes will have their moment in June, tonight is about celebrating our fall and winter state qualifiers.

And, instead of traditional certificates, we are presenting each qualifier with a custom, high-quality 'State Qualifier' sticker designed specifically for their school... to proudly display on their gear or water bottles.

I would like to invite our coaches and students forward as I read through the list of these exceptional individuals and teams. Please join me in celebrating their hard work.

Denfeld	East	Co-op
Fall 2025	Fall 2025	Winter 2025-26
