**Re: Coppell High School Tennis Court Renovation – Bond Project # 53**

As part of the 2016 Bond Projects (project #53), the Coppell High School tennis court surfaces are to be repaired and resurfaced, and the wind screens are to be replaced. The total bid for this project is \$77,880.00. \$80,000 was budgeted for this project.

The Interlocal Contract purchasing method as provided in the Texas Education Code 44.031 was used to obtain proposals through the Educational Purchasing Cooperative of North Texas Contract #004-15-16 and Buyboard Contract #476-15.

Patriot Court Systems provided the proposal with the best value for the tennis court repairs and resurfacing at a total turn-key cost of \$63,030.00 and The Tennis Shop provided the proposal with the best value for the windscreen replacement at a total turn-key cost of \$14,850.00. The pricing includes all materials, labor, installation, and removal/disposal of the old material.

**RECOMMENDATION:** That the Coppell ISD Board of Trustees approve Patriot Court Systems and The Tennis Shop as the contractors to repair and resurface the tennis courts and replace the wind screens on all tennis courts at Coppell High School for a total sum of \$77,880.00.
