Re: Board Report

The Middle School ended on a high note this volleyball season. The 7th grade team took 2nd place at the SRV tournament, and the 8th grade took 1st place and was unbeaten in every match they competed in this year. We are very proud of all the girls and the excellent coaching from Debby Turner and Dave Hann.

Wrestling and basketball got off to a great start this week. In the first meet of the season our wrestlers won 70% of their matches, which according to coach Toby Johnson is the highest percentage he has had before. All four of our girl's teams represented very well in their first basketball games of the season. The 8th A team beat Fruitland, while the 8th B went into overtime and lost a very close game in the last minute. The 7th A team lost by 2 to a very good Fruitland team, while the 7th B team played well for their first middle school competition.

We at the middle school are excited for the rest of the season to come, and are looking forward to combining with the high school in a great fundraiser for athletics in the coming weeks.
