

Homedale School District #370

TO: Board of Trustees; Superintendent Rob Sauer
FROM: Moss Strong, HMS Principal
DATE: August 2020
RE: Board of Trustees Report

The Building

The door that our maintenance staff put in looks awesome and makes the room more accessible for use. Irma and Jesus have the building looking new from ceiling to floor. We appreciate all of the hard work.

Registration

August 10th Grade 5-8 returning students- 2:00PM-7:00 PM

August 11th New Students- 9:00AM-12:00 PM

We will be practicing social distancing and asking our visitors to wear a mask when social distancing is not possible. All staff at registration will be wearing a mask.

We also hope to firm up the number of students who plan to utilize our online learning instead of coming to traditional school.

Stem Action Center Drone Grant

The middle school applied for the grant and was awarded. Our students will have the opportunity to gain theoretical and practical knowledge related to computational thinking, connect learning with drone technology applications, and build interest in and excitement for current and future career opportunities related to computing and drones. Margo Phariss and Brennan Davis will be attending a training on August 3rd-5th.
