##### Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Dept. of Agriculture and distributed by the Ill. State Board of Education.

##### Notification

At the beginning of each school year, by notice, the District shall inform students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by State law. The Superintendent or designee shall provide the same information to the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

##### Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

##### Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Dept. of Agriculture in [7 C.F.R. §245.7](#), Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent or designee shall establish a hearing

procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent or designee shall keep on file for a period of three years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for three years.

### **PRESSPlus Comments**

PRESSPlus 1. Optional. Updated in response to 105 ILCS 125/2.3, added by P.A. 103-532. Subject to appropriation, the Ill. State Board of Education (ISBE) is required to establish the Healthy School Meals for All Program. Participating boards must offer eligible meals, without charge, to all students enrolled in schools that participate in the National School Breakfast Program (NSBP) and National School Lunch Program (NSLP). To receive State reimbursement under the Healthy School Meals for All Program, a board must: (1) annually notify ISBE of its intent to participate in the program; (2) maximize its access to federal funds for NSBP and NSLP by participating in the CEP or another special assistance alternative, if eligible, and (3) operate the NSBP and NSLP in a manner that in the opinion of ISBE, draws down the most possible federal funding for meals served in the NSBP and NSLP. If State funding is insufficient to cover reimbursement of all interested boards, ISBE is required to inform eligible schools of the impact of the inadequate funding so that boards can make an informed decision about food service administration in their districts. **Issue 113, October 2023**
