

**Mahtomedi Public Schools**  
**Independent School District #832**  
**1520 Mahtomedi Avenue**  
**Mahtomedi, MN 55115**

**Regular Meeting - Board of Education**

**Date:** December 11, 2014

---

**Agenda Item #9. B.**

---

**TOPIC:** NWEA Test Scores

**BACKGROUND:** Historically a brief update on NWEA/MAP results is given after each testing season, using national percentiles. This fall we gave the NWEA/MAP to all students in grades 1-9 in both reading and math. This data shows the average Mahtomedi students' performance from last spring to this fall. Using national percentiles allows us to compare our students to trends across the nation. One thing to note about using spring to fall testing scores is a difference in population; there are students that move into the district that will be included in one year and not the previous year or vice versa.

**PURPOSE OF PRESENTATION:** The purpose of this presentation is to provide the Board and community with an overview of the "Summer Slide" that Mahtomedi students demonstrate from spring of 2014 to the fall of 2014 in both math and reading using NWEA/MAP national percentiles.

**LEARNING OBJECTIVE:** As a result of this presentation, the Board will have an understanding of how our students' performance compares nationally to their peers

**ACTION RECOMMENDED:** Discussion Only.
