Media Release for Seamless Summer Option Free Meals in School Year 2021-2022

Stephenville ISD announced its policy today that this school year, healthy meals will be offered every school day to all students at no cost. Typically, a student's household must meet income eligibility requirements to qualify for free or reduced-price meals. However, the United States Department of Agriculture (USDA) issued guidance that allows schools to offer meals to all students at no cost for the 2021-2022 school year. Each school/site or central office has a copy of the policy, which may be reviewed upon request.

While no application or eligibility determination process is required for your student to receive free meals this school year, the income eligibility requirement will likely resume in the 2022-2023 school year.

Adult Meal Calculator Worksheet

This worksheet provides the information needed to calculate adult meal prices using both approved methods. Choose the method of calculation (see the *Administrator's Reference Manual (ARM)*, Section 19, *Meal Pricing* for additional information on which method to use). If the rate applies, record the rate in the *Amount CE Receives* cell. If using Method 1, record the local student paid charge in the designated *Local Student Paid Charge* cell. If using Excel, this worksheet will automatically calculate the amounts in the *Minimum Adult Charge* and *Total Federal Funds* cells. All amounts are carried to 4 digits and must be rounded up when determining the adult meal price. Non-pricing programs must always use Method 2. TDA posts the current reimbursement rates at SquareMeals.org.

Use the applicable rates for the school year when the adult meal prices will apply.
