Since the inception of HB 2038 in 2011, all Texas public and charter schools serving grades 7–12 and participating in UIL activities are required to have a district-wide concussion protocol and an established Concussion Oversight Team (COT). One of the requirements for the COT is that it must include, in addition to the district's Athletic Trainer, one or more of the following licensed healthcare professionals: a physician (MD or DO), a nurse practitioner, a physician assistant, or a neuropsychologist. The members of the original team have changed. The members of the 2025 COT include:
