**Subject: Summer Professional Development Presentation**

The week before students returned to school our teachers and administrators attended a variety of professional development programs and sessions tied directly to the work we do in our schools and across the district. Please include an opportunity for me to share highlights of the district's Summer Professional Development Program with the Board of Education through a slide show presentation. Please consider adding this agenda item to the Instruction Matters portion of the September 21, 2015, Board of Education Meeting.

Thank you for your consideration of this request.
