

TMS Board Report

Normally I will be sending my monthly newsletter, but it is not ready for this meeting yet. So in its place is this report.

Open House/Forms and Fees Day—We had a great turn-out for our Forms and Fees Day. Almost all families came to get their children organized with their lockers, and to meet their child’s teachers.

First Day of School--The first day of school went very smoothly. We had two Renaissance Assemblies to promote a positive school climate. We completed a School-wide Agreement as a school. It was created by students and staff together, and announced at the end of the day.

School-wide Agreement--As part of our PBIS program, we have established a school-wide agreement. It will be posted throughout the building, and a mural will be displayed near the cafeteria. We will then have a Signing Day, where everyone, students and staff will sign the mural.

New Schedule Structure—As part of our new schedule structure at the middle school, we are getting into a rhythm, to get people where they need to go. We are modeling procedures and getting into routines. For the most part, things are going very well.
